Explanations

Redback® is Postforming High Pressure Laminate (HPL)

*PLEASE NOTE that Nuance and Chalk finish HPL have different performance characteristics to standard Redback.
Refer to the technical data sheet at laminex.com.au

Lamiwood® is Moisture Resistant (MR) E0 MDF decorated board

Silk Finish™ is MR E0 MDF decorated board with a medium gloss finish

Vertiboard® is MR E0 particleboard decorated board

AbsoluteMatte® Panels are MR E0 MDF board decorated with super matte, fingerprint-resistant advanced technology foil

AbsoluteGloss™ Panels are MR E0 MDF board decorated with high-gloss advanced technology foil

DesignEdge™ is a made-to-measure doors and panels offer utilising Lamiwood®, Silk Finish™, Impressions™, AbsoluteMatte® Panels or AbsoluteGloss™ Panels product

ColourTech® is a made-to-measure 2Pac polyurethane painted doors and panels offer, on Ultracraft™ 18mm E0 MR MDF paint-grade substrate

FormWrap® is a made-to-measure thermolaminated vinyl doors and panels offer, on Ultracraft™ 18mm E0 MR MDF vinyl-grade substrate

Where 'or' is shown in chart this means that either thickness is available dependent on local demand. Check with your nearest branch for specific availability. For example: Lamiwood 16mm or 18mm means that either 16mm or 18mm is available, dependent on local demand. Check with your nearest branch for thickness availability in your area.

Edging is available in selected finishes and decors. For full detail refer to the Edging pages.

Dark colours and gloss finishes are not recommended for high wear applications such as busy kitchen benchtops. These colours or finishes will show scratching more readily than lighter colours or lower gloss surfaces and require a higher level of care and maintenance.

For full technical information, please refer to the Technical Data Sheets (TDS) at laminex.com.au
